Covid19

Please can we remind all parents to model social distancing at the gate in the morning. As soon as your child has walked through the gate, please can you make your way across to the other side of the road to walk up Parsons Lane.

Can we also remind you that if you develop any symptoms of Covid19 that you arrange a test straight away. Please do not leave it a few days to see how things go and how you feel. The quicker you arrange a test and then inform us of your result, the more we can try and keep our whole community protected. **If you or any of your children develop symptoms, please isolate immediately. Then arrange a test and inform school that you have developed symptoms and organised for a test. Can we also then please ask that you report to school (either by ringing or via email) to inform us of the results.**

This allows us to take any action, if required, as quickly as possible. Please use the office@biertoncombined.bucks.sch.uk email address to report any symptoms and test results as this email address is checked in the evenings and at weekends for Covid related information.

Thank you to those parents who have kept us informed of any developing symptoms and test results. We will continue to check in each day with any families that are having to isolate for any reason and wish everyone a speedy recovery.

We are all in this together and will continue to look out for our whole community with your support.

Future Dates in October and November:

- **Friday 27th November**—Children's Birthday Parties in afternoon.
- **Before 4th December**—Any donations for Senior Citizen Hampers would be gratefully received.

Children In Need

On Friday 13th November we celebrated Children In Need. **We had set a target amount of £500 but as usual, the school community demonstrated its generosity and raised:**

£1471

Fantastic! Thank you for all your contributions.

Parent Coffee Morning—Supporting Learning Videos

This week's video is a brief introduction to learning times tables.

Weekly Notices

Date: 20th November 2020

The weather this weekend looks dry, so it is an idea time to get out for a walk and some fresh air. We all know that a simple walk and interacting with nature can really benefit our mental well-being. So take the opportunity to get out as a family and maybe have a go at our activity this week. Again, we would love to see your creations via Seesaw!

This week, we thought we would link our activity to connecting with nature. Taking a break and going for a walk in the fresh air around nature can really support your mental well-being. So this week, while out on a walk we thought you could collect things to then make something to give back to nature—such as a bird house, bug hotel or Hedgehog house.

This week, the ELSA activity is about being grateful for things. As you go out on your walk, take time to look around at the nature and things around you. You can have a go at recording the things you can hear, see, touch, smell and taste that you are grateful for outside. A calming but purposeful activity.

Gratitude walk

Go for a walk around your house, garden, classroom or school. Use your senses of sight, hearing, touch, smell and taste to make a list of things you are grateful for. Write them below

Hear

See

Touch

Smell

Taste

What are you grateful for?
